## Product Data Sheets and Technical Data on Media and Auxiliary Materials

### **A 1 Application Technology · Introduction**

- 1.1 Composition of Ceramic Decals
- 1.2 Printing Paste Production · nvp % · Firing Defects
- 1.3 Printing Paste Processing ( Printing )
- 1.4 Printing Covercoats on Decorative Decals

### **A 2 Screen Printing Media for Indirect Printing**

- 2.1 Screen Printing Media for Indirect Printing - thixotropic
- 2.2 Screen Printing Media for Indirect Printing - flowing
- 2.3 Screen Printing Media for Indirect Printing - UV-curing

### **A 3 Covercoats**

- 3.1 Standard Covercoats - flowing
- 3.2 Standard Covercoats - thixotropic
- 3.3 Underglaze Decoration - Description of Procedure
- 3.4 Underglaze Covercoats · with hardening on · without hardening on

### **A 4 Heat-Release Process**

- 4.1 Description of Process
- 4.2 Products

### **A 5 Media for Application with Machine · Brush · Spray Gun**

- 5.1 Banding · Lining
- 5.2 Spraying

### **A 6 Pad Printing**

- 6.1 Printing Media

### **A 7 Auxiliary Materials**

- 7.1 Fixatives for Underglaze and Onglaze Decoration
- 7.2 Soaking Agents · Cleaners
- 7.3 Dispersing Agents · Thinners
- 7.4 Antiblock Printing Paste · Antiblock Powder
- 7.5 Special Covercoats · Strippable Coating
