

TERMS AND CONDITIONS OF PURCHASE

The following general Terms and Conditions of Purchase (these "Terms") are applicable to the purchase of all goods and/or services ("goods or services") by Ferro Performance Pigments France SAS ("Buyer"), from any seller, supplier or service provider thereof ("Seller").

1. **GENERALLY** – Buyer's purchase order for goods ("Order"), the terms of which are expressly incorporated herein by reference, and the sale of such goods or services to Buyer by Seller are governed exclusively by these Terms unless otherwise agreed in a writing signed by Buyer, and are expressly conditioned on these Terms. Any additional, different or conflicting terms proposed by Seller in any order acknowledgement or otherwise are requests for material alterations to these Terms, are hereby objected to and rejected and will not be binding on Buyer. This Order does not constitute an acceptance by Buyer of any offer to sell, quotation or proposal notwithstanding any reference in this Order. Seller will be deemed to have accepted this Order and these Terms if and when Seller begins any work under this Order or issues an order acknowledgement.

2. **PRICE AND PAYMENT** – The price for goods will be as set forth on the face of this Order or as agreed in a writing signed by Buyer. Unless otherwise specified on the front of an Order or as agreed in a writing signed by Buyer, Buyer will pay the Seller for the goods on a net sixty (60) day basis or on such other payment terms as the parties may from time to time agree in writing, which shall in any event not exceed 60 days. If the Seller issues periodic invoices, Buyer will pay the Seller for the goods within forty-five (45) days from the date of issue of the periodic invoice.

3. **TAXES** – Seller's price will be exclusive of any federal, state, or local sales, use, or excise taxes levied upon, or measured by, the sale, the sales price, or use of goods required in the performance of this Order. Seller will list separately on its invoice any such tax applicable to any such goods or transaction that is payable by Buyer, with respect to which Buyer does not furnish to Seller evidence of exemption.

4. **EXTRA CHARGES** – Seller will make no additional charges of any kind, including charges for travel, entertainment, postage, clerical support, or other out of pocket expenses, boxing or cartage, unless Buyer has specifically consented to such charges in writing. The price shown on this Order will cover the specified unit of measure for the goods ordered (net weight, piece count, identified service, etc).

5. **DELIVERIES, SPECIFICATIONS, AND QUANTITIES** – Time is of the essence for the delivery

of the goods and performance of services, as applicable. Seller will meet the delivery dates, specifications, and quantities, and for services, the performance dates, as set forth in this order.

If Seller does not exactly comply with the quantity and delivery schedule of this Order for any reason, Buyer may, at its option, either approve a revised delivery schedule or terminate this Order without liability to Seller. If Seller delivers goods in advance of schedule or in quantities greater than those called for by this Order Buyer may, at its option, either (i) return all or part of the nonconforming deliveries to Seller at Seller's expense, (ii) pay for such goods at the time Buyer would have been obligated to pay for them if they had actually been delivered as and when scheduled, (iii) hold such goods for Seller's account until the scheduled delivery date, and/or (iv) charge Seller for any railroad demurrage or other expenses incurred in connection with the delivery.

6. **TERMINATION FOR CONVENIENCE** – Buyer reserves the right to terminate this Order by written notice, or any part hereof, for its sole convenience. In the event of such termination, Seller shall immediately cease all work hereunder and shall immediately cause any and all of its suppliers and subcontractors to cease any work related to this Order.

7. **PRODUCT/SERVICE WARRANTIES** – Seller warrants to Buyer that at the time of delivery Seller will have good title to all goods supplied to Buyer under this Order and the unencumbered right to convey good title to such goods to Buyer as contemplated by this Order. Seller further warrants to Buyer that all such goods will conform to the specifications, drawings, samples, or other description furnished or specified by Seller or Buyer, will be merchantable, will be free from defect in material and workmanship, and (to the extent known or reasonably understood by Seller) will be fit and sufficient for the purposes for which Buyer purchased such goods. These warranties are in addition to those implied by or available at law.

Seller warrants that all services performed hereunder shall be performed by employees or agents of Seller who are experienced and skilled in their profession. Seller further warrants that all services performed under this Order shall conform to the requirements of this Order and shall be completed in a

professional, workmanlike manner, in a timely and on an economical basis and in accordance with sound professional procedures and standards in compliance with best industry practices. Buyer may at its option either (i) require correction or re-performance of any defective services or (ii) require replacement of non-conforming services at no additional costs to Buyer.

8. NON-CONFORMING GOODS – Buyer will have the right to inspect goods delivered by Seller. Goods will not, however, be deemed to have been accepted by Buyer until such goods are used, processed, stored, held or commingled by Buyer so that the same cannot be returned to the Seller in the same condition in which received by Buyer. If Buyer determines that any of the goods delivered by Seller under this Order are defective in material or workmanship or otherwise are not in conformity with either the specification furnished to Seller or the other requirements of this Order, then Buyer may reject and return such goods to Seller at Seller’s expense. Such right is in addition to any other rights that Buyer may have under any other provision of this Order. Payment for goods by Buyer will not be deemed an acceptance of the goods and all warranties of Seller under this Order will survive delivery and payment for the goods.

9. CHANGES – Buyer may at any time and from time to time make changes in (a) drawings, designs, or specifications applicable to the goods covered by this Order, (b) the method of shipment or packing, and (c) the place or time of delivery, including temporary suspension of shipments. If any such changes affect the time for performance, the cost of manufacturing such supplies or the cost of furnishing such services, Buyer will make an equitable adjustment in the purchase price or the delivery schedule, or both. Seller will make no additional charge as a result of any such change unless Buyer requested or authorized such change and Seller requests payment of such additional charge within ten days after Seller receives Buyer’s request or authorization for such change.

10. COMPLIANCE WITH LAWS – Seller warrants to Buyer that, in the performance of this Order, it will comply with all applicable laws, statutes, rules, regulations or orders of the jurisdiction where goods are sold or delivered or where work is performed under this Order, and all legal requirements regarding the export, import, sale, distribution, marketing, and service of the goods and related technology, including without limitation, the obligations under Section 12 of these Terms, tax and foreign exchange legislation or regulations, the applicable requirements of §§6, 7 and 12 of the Fair Labor Standards Act, as amended, and the applicable regulations and orders of the U.S.

Department of Labor issued under §14 of such Act. Seller also warrants that it will at all times be in compliance with applicable requirements of Executive Order 11141 and 11246, as well as the Rehabilitation Act of 1973, as amended. Seller represents and warrants that, for applicable sales of goods to Buyer, Seller will fully comply with all requirements, regulations, guidelines and rules of REACH (the Registration, Evaluation, Authorisation and Restriction of Chemical substances) as enacted by the European Community Regulations and related agencies on or about June 1, 2007 as may be amended from time to time and as implemented in each European Union Member State as appropriate.

11. GOVERNMENT CONTRACTS – If the goods are to be used by Buyer in the performance of a U.S. Government contract or subcontract this Section 11 shall apply and all of the provisions of the government contract, all of the applicable government procurement regulations, including Executive Orders, quality requirements, Buy American requirements, and import/export requirements, required by federal law to be included in the government contract or subcontract will be deemed to apply to Seller and will be incorporated into this Order. The clauses so incorporated will be applied to Seller as though Seller were a prime contractor. Buyer and authorized representatives of the United States Government as applicable, may audit Seller’s compliance with such terms at anytime upon commercially reasonable notice to Seller, including access to Seller’s books and records at its plant, or other applicable facility related in any manner to Seller’s delivery or supply of the goods hereunder and/or Seller’s compliance with the terms of this Order. The provisions of this Section 11 are required to be included in Seller’s subcontracts and Purchase Orders related to the goods provided under this Agreement.

12. TRADE COMPLIANCE

In the event that Seller supplies to Buyer any product, material, technology, software or other item that is a controlled military or dual-use item, Seller shall concurrently inform Buyer of the export classification of the item on the U.S. Munitions List or Commerce Control List, as applicable. Seller represents and warrants that all items not so designated are classified as EAR99.

(B) ANTIBOYCOTT PROVISIONS - Seller will not request of Buyer information or documentation where the purpose of such request is to support, give effect to or comply with a boycott of any country in contravention of the laws or policies of the United States, including but not limited to the Arab League boycott of Israel. Buyer hereby rejects any such request by Seller and will report receipt of any such request to the relevant U.S. government office, as required by law.

(C) ANTICORRUPTION/ANTIBRIBERY - In relation to any transaction involving the goods that are the subject of this document or related technology, Seller shall not seek to obtain or retain business or gain any other advantage by making or offering to make any payment of money or by providing or offering to provide anything of value, directly or indirectly, to: (i) any government official; or (ii) any non-governmental person, in either case with the intent that such official or person will perform their responsibilities improperly. Seller warrants that it will comply with the anticorruption laws and anti-bribery laws of any country having jurisdiction over Seller or the transaction involving the goods that are the subject of this document or related technology, and will in all cases comply with the U.S. Foreign Corrupt Practices Act and the U.K. Bribery Act.

(D) NONCOMPLIANCE - In the event that Buyer reasonably believes that any provision of this Section 12 has or may have been breached, Seller shall cooperate fully with Buyer's investigation to clear the matter and Buyer shall not be obligated to purchase or accept goods or technology or take any other act in furtherance of any transaction while such investigation is pending and such suspension or forbearance by Buyer shall not constitute breach of any obligation or otherwise.

13. SAFETY AND HEALTH REGULATIONS – Seller warrants to Buyer that all services performed and all goods delivered under this Order will comply with all requirements of French laws and the US Federal Occupational Safety and Health Act of 1970, as amended, and all regulations, rules, standards and Orders adopted pursuant to the Act, and will comply with all requirements of any applicable health or safety statute, regulation, or standard of any national, state or local government having jurisdiction in the location from, through or to which such goods are to be shipped or at which such services are to be performed pursuant to this Order. Seller further warrants to Buyer that the goods specified in this Order and their sale or use alone, or in combination according to Seller's specifications or recommendations, if any, will not infringe any United States or foreign patents or the intellectual property rights of any third party.

16. INDEMNIFICATION – Seller will indemnify, defend and hold Buyer and its directors, officers, employees agents, parents, affiliates, subsidiaries, successors and assigns harmless, from and against all fines, penalties, suits, actions, claims, liabilities, judgments, losses, damages, costs and expenses (including attorneys' fees), arising out of or resulting from (i) Seller's negligence or willful misconduct, (ii) any failure by Seller to perform any of its obligations under this Order including these Terms,

or (iii) the goods supplied or services performed by Seller under this Order. The foregoing shall apply, without limitation, to injury to or death of any person (including, without limitation, employees of Buyer, of Seller, or of a subcontractor of Seller). 17. REMEDIES – The remedies set forth herein are cumulative and in addition to any other or further remedies provided at law or in equity. No failure to insist upon strict compliance with the terms of this contract shall constitute a waiver, and no waiver of a breach of any provision of this Order shall constitute a waiver of any other breach, or of such provision.

18. USE AND DISCLOSURE OF INFORMATION – All information that Seller has heretofore or may hereafter furnish or disclose to Buyer in connection with the placing or filling of this Order is part of the consideration for this Order. Therefore, unless Buyer otherwise agrees in writing, Buyer will not be obligated to treat any such information as confidential or proprietary to Seller and will have no liability to Seller for the use or disclosure of such information. Seller will keep confidential all information, drawings, specifications, or data furnished by Buyer or prepared by Seller specifically in connection with this Order, and will not use any personal data acquired from Buyer other than to fulfill Seller's obligations under this Order and will comply with all applicable laws relating to data protection, including but not limited to French laws and the U.K. Data Protection Act 1998. Seller will not in any manner advertise or publish the fact that it has furnished, or contracted to furnish, Buyer the goods, materials or services mentioned herein, without prior written consent of Buyer.

19. BUYER'S PROPERTY – Unless otherwise agreed by Buyer in writing, all tools, equipment or material of every description furnished to Seller by Buyer or specifically paid for by Buyer, and all replacements thereof, or all materials affixed or

Seller will plainly mark or otherwise adequately identify such property as "property of Ferro Performance Pigments France SAS" and will store such property separate and apart from Seller's own property. Seller will not substitute any property for Buyer's property and will not use such property except in filing Buyer's orders. While such property is in Seller's custody or control, Seller will hold such property at its own risk. Seller will keep such property insured at Seller's expense in an amount equal to the replacement cost of such property, with the loss payable to Buyer. Buyer may at any time require Seller in writing to surrender such property to Buyer, in which event Seller will promptly prepare such property for shipment and redeliver the same to Buyer in the same condition as originally received by Seller, reasonable wear and tear excepted.

20. SET OFF – When applicable by French laws, Buyer will be entitled at all times to set off any amount owing from Seller to Buyer or any of its affiliated companies against any amount due or owing to Seller with respect to this Order.

Buyer reserves the right to cancel all or any part of the undelivered portion of this Order in the event of any default by the Seller. If Buyer cancels this Order for default in whole or in part, Buyer may acquire, under the terms and in the manner Buyer considers appropriate, supplies or services similar to those canceled, and the Seller will be liable to Buyer for any excess cover costs for those supplies or services.

22. 27. SUCCESSORS AND ASSIGNS – This Order calls for Seller's personal performance and, consequently, except as stated in the next sentence, Seller will have no right to assign any of its rights or delegate any of its duties to any person or entity without Buyer's written consent. Seller may, however, assign moneys due and to become due from Buyer under this Order. In such case, Buyer will have the right to assert against Seller's assignee any and all rights, claims, and defenses of every type (including, without limitation, rights of setoff, recoupment, and counterclaim) which Buyer would have been able to assert against Seller, whether such rights, claims, or defenses arose before or after such assignment.

Emails and electronic on-line, internet or other terms of Seller shall not be deemed a means of modifying or amending these Terms.
